spending for Candy Snack,
200 people minimum

Any time we bring Santa or Horse rides on site is not cheap so the numbers are important for you so you get your money's worth.

Here are some ideas for small groups. Arrange other small groups to come on the same day, (example) Girl Scout group wants to come but only has 30 girls, have the scout leaders call other Girl Scout leaders in other towns to join them.

Why can't we come with just a few people?

We need to hire people for your event, If you would like Santa, Santa does not come from the North Pole for Free, The horses are brought in from 50 miles away, Barn has to be heated for your comfort .

If you cannot find anyone else to get numbers up call us early in the season and I can get ahold of you if other groups have the same problem.
